What's New for October 2014?

This section outlines any changes to the data, calculations or measures compared to the May 2014 release.

What's New:

- New year of results for Provincial Achievement Tests.
- New year of results for Diploma Examinations.
- Provincial Achievement Test and Diploma Examination aggregate results recalculated to include new
 courses (e.g., Social Studies 6/9, English Language Arts 9 KAE, Mathematics 9 KAE, Science 9 KAE,
 Social Studies 9 KAE, Social Studies 30-1/30-2), and to remove courses where participation was
 affected by the introduction of the Student Learning Assessment Pilot (e.g., English Language Arts 3,
 Français 3, French Language Arts 3).
- New course level achievement evaluations for Mathematics 3/6/9.
- Diploma Examination course-by-course results for 2013 adjusted to better capture exam rewrites.

Impact of Student Learning Assessment Pilot (Fall 2014):

- School authorities participating in the Student Learning Assessment Pilot in Fall 2014 were not required to have students participate in the Grade 3 Provincial Achievement Tests. Consequently:
 - Provincial Achievement Test aggregate results do not include Grade 3 PAT courses
 - School authorities participating in the SLAs had their Grade 3 PAT evaluations suppressed

Caution should be used when interpreting trends over time for the province and participating school authorities.

Impact of June 2013 Alberta flood:

 Participation in Grade 9 Provincial Achievement Tests and Diploma Examinations were impacted by the flooding in June 2013.

Consequently, for those school authorities affected by the floods:

- 2013 results have been removed from the calculation of the Previous 3 Year Average for Provincial Achievement Test and Diploma Examination aggregate results
- 2013 results have been removed from the calculation of the Previous 3 Year Average for Grade 9 PAT courses

Caution should be used when interpreting trends over time for the province and those school authorities affected by the floods.

Accountability Pillar Overall Summary Annual Education Results Reports - Oct 2014

Notes

- 1) Aggregated PAT results are based upon a weighted average of percent meeting standards (Acceptable, Excellence). The weights are the number of students enrolled in each course. Courses included: English Language Arts (Grades 6, 9, 9 KAE), Français (Grades 6, 9), French Language Arts (Grades 6, 9), Mathematics 9 KAE, Science (Grades 6, 9, 9 KAE).
- 2) Aggregated Diploma results are a weighted average of percent meeting standards (Acceptable, Excellence) on Diploma Examinations. The weights are the number of students writing the Diploma Examination for each course. Courses included: English Language Arts 30-1, English Language Arts 30-2, French Language Arts 30-1, Français 30-1, Chemistry 30, Physics 30, Biology 30, Science 30, Social Studies 30-1, Social Studies 30-2.
- 3) Overall evaluations can only be calculated if both improvement and achievement evaluations are available.
- 4) Results for the ACOL measures are available in the detailed report; see "ACOL Measures" in the Table of Contents.
- 5) Data values have been suppressed where the number of students is less than 6. Suppression is marked with an asterisk (*).
- 6) Please note that participation in Grade 9 Provincial Achievement Tests was substantially impacted by the flooding in June 2013. Caution should be used when interpreting trends over time for the province and those school authorities affected by the flooding.
- 7) Please note that participation in Diploma Examinations was impacted by the flooding in June 2013. Caution should be used when interpreting trends over time for the province and those school authorities affected by the floods.
- 8) Survey results for the province and some school authorities were impacted by an increase in the number of students responding to the survey through the introduction of the Tell THEM From ME survey tool in 2014.

Achievement Evaluation

Achievement evaluation is based upon a comparison of Current Year data to a set of standards which remain consistent over time. The Standards are calculated by taking the 3 year average of baseline data for each measure across all school jurisdictions and calculating the 5th, 25th, 75th and 95th percentiles. Once calculated, these standards remain in place from year to year to allow for consistent planning and evaluation.

The table below shows the range of values defining the 5 achievement evaluation levels for each measure.

Measure	Very Low	Low	Intermediate	High	Very High
Safe and Caring	0.00 - 77.62	77.62 - 81.05	81.05 - 84.50	84.50 - 88.03	88.03 - 100.00
Program of Studies	0.00 - 66.31	66.31 - 72.65	72.65 - 78.43	78.43 - 81.59	81.59 - 100.00
Education Quality	0.00 - 80.94	80.94 - 84.23	84.23 - 87.23	87.23 - 89.60	89.60 - 100.00
Drop Out Rate	100.00 - 9.40	9.40 - 6.90	6.90 - 4.27	4.27 - 2.79	2.79 - 0.00
High School Completion Rate (3 yr)	0.00 - 57.03	57.03 - 62.36	62.36 - 73.88	73.88 - 81.79	81.79 - 100.00
PAT: Acceptable	0.00 - 66.22	66.22 - 72.00	72.00 - 81.95	81.95 - 85.72	85.72 - 100.00
PAT: Excellence	0.00 - 10.93	10.93 - 14.38	14.38 - 20.26	20.26 - 26.17	26.17 - 100.00
Diploma: Acceptable	0.00 - 72.08	72.08 - 78.77	78.77 - 85.43	85.43 - 89.96	89.96 - 100.00
Diploma: Excellence	0.00 - 7.77	7.77 - 11.90	11.90 - 18.63	18.63 - 22.99	22.99 - 100.00
Diploma Exam Participation Rate (4+ Exams)	0.00 - 31.10	31.10 - 44.11	44.11 - 55.78	55.78 - 65.99	65.99 - 100.00
Rutherford Scholarship Eligibility Rate (Revised)	0.00 - 43.18	43.18 - 49.83	49.83 - 59.41	59.41 - 70.55	70.55 - 100.00
Transition Rate (6 yr)	0.00 - 39.80	39.80 - 46.94	46.94 - 56.15	56.15 - 68.34	68.34 - 100.00

Citizenship	0.00 - 66.30	66.30 - 71.63	71.63 - 77.50	77.50 - 81.08	81.08 - 100.00
Parental Involvement	0.00 - 70.76	70.76 - 74.58	74.58 - 78.50	78.50 - 82.30	82.30 - 100.00
School Improvement	0.00 - 65.25	65.25 - 70.85	70.85 - 76.28	76.28 - 80.41	80.41 - 100.00

Notes:

¹⁾ For all measures except Drop Out Rate: The range of values at each evaluation level is interpreted as greater than or equal to the lower value, and less than the higher value. For the Very High evaluation level, values range from greater than or equal to the lower value to 100%.

²⁾ Drop Out Rate measure: As "Drop Out Rate" is inverse to most measures (i.e. lower values are "better"), the range of values at each evaluation level is interpreted as greater than the lower value and less than or equal to the higher value. For the Very High evaluation level, values range from 0% to less than or equal to the higher value.

Accountability Pillar Overall Summary

Measure Evaluation Reference

Annual Education Results Reports - Oct 2014

Province: Alberta

Improvement Table

For each jurisdiction, improvement evaluation consists of comparing the Current Year result for each measure with the previous three-year average. A chi-square statistical test is used to determine the significance of the improvement. This test takes into account the size of the jurisdiction in the calculation to make improvement evaluation fair across jurisdictions of different sizes.

The table below shows the definition of the 5 improvement evaluation levels based upon the chi-square result.

Evaluation Category	Chi-Square Range
Declined Significantly	3.84 + (current < previous 3-year average)
Declined	1.00 - 3.83 (current < previous 3-year average)
Maintained	less than 1.00
Improved	1.00 - 3.83 (current > previous 3-year average)
Improved Significantly	3.84 + (current > previous 3-year average)

Overall Evaluation Table

The overall evaluation combines the Achievement Evaluation and the Improvement Evaluation. The table below illustrates how the Achievement and Improvement evaluations are combined to get the overall evaluation.

		Achievement										
Improvement	Very High	High	Intermediate	Low	Very Low							
Improved Significantly	Excellent	Good	Good	Good	Acceptable							
Improved	Excellent	Good	Good	Acceptable	Issue							
Maintained	Excellent	Good	Acceptable	Issue	Concern							
Declined	Good	Acceptable	Issue	Issue	Concern							
Declined Significantly	Acceptable	Issue	Issue	Concern	Concern							

Category Evaluation

The category evaluation is an average of the Overall Evaluation of the measures that make up the category. For the purpose of the calculation, consider an Overall Evaluation of Excellent to be 2, Good to be 1, Acceptable to be 0, Issue to be -1, and Concern to be -2. The simple average (mean) of these values rounded to the nearest integer produces the Category Evaluation value. This is converted back to a colour using the same scale above (e.g. 2=Excellent, 1=Good, 0=Intermediate, -1=Issue, -2=Concern).

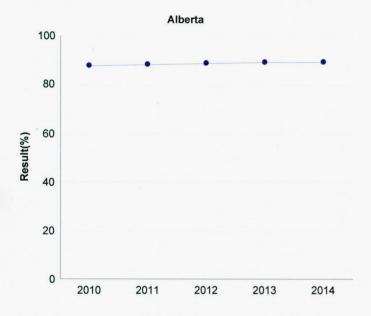

B.4 Safe and Caring Measure History

Province: Alberta

Percentage of teacher, parent and student agreement that: students are safe at school, are learning the importance of caring for others, are learning respect for others and are treated fairly in school.

Notes: Data values have been suppressed where the number of students is less than 6. Suppression is marked with an asterisk (*).

Aggregated PAT results are based upon a weighted average of percent meeting standards (Acceptable, Excellence). The weights are the number of students enrolled in each course. Courses included: English Language Arts (Grades 6, 9, 9 KAE), Français (Grades 6, 9), French Language Arts (Grades 6, 9), Mathematics 9 KAE, Science (Grades 6, 9, 9 KAE), Social Studies (Grades 6, 9, 9 KAE). Grade 3 results were not included due to the introduction of the Student Learning Assessment Pilot.

Notes: Data values have been suppressed where the number of students is less than 6. Suppression is marked with an asterisk (*).

Achievement Evaluation is not calculated for courses that do not have sufficient data available, either due to too few jurisdictions offering the course or because of changes in examinations.

'lease note that participation in Diploma Examinations was impacted by the flooding in June 2013. Caution should be used when interpreting trends over time for the province and those school authorities affected by the floods.

Report Generated: Sep 19, 2014 Locked with Suppression for Oct 2014

Measure Evaluation Reference - Achievement Evaluation

Province: Alberta

Achievement evaluation is based upon a comparison of Current Year data to a set of standards which remain consistent over time. The Standards are calculated by taking the 3 year average of baseline data for each measure across all school jurisdictions and calculating the 5th, 25th, 75th, and 95th percentiles. Once calculated, these standards remain in place from year to year to allow for consistent planning and evaluation.

The table below shows the range of values defining the 5 achievement evaluation levels for each measure.

Course	Measure	Very Low	Low	Intermediate	High	Very High
English Lang Arts 30-1	Acceptable Standard	0.00 - 83.76	83.76 - 92.02	92.02 - 95.13	95.13 - 100.00	100.00 - 100.00

Notes:

The range of values at each evaluation level is interpreted as greater than or equal to the lower value, and less than the higher value. For the Very High evaluation level, values range from greater than or equal to the lower value to 100%.

Achievement Evaluation is not calculated for courses that do not have sufficient data available, either due to too few jurisdictions offering the course or because of changes in examinations.

Measure Evaluation Reference - Improvement and Overall Evaluation Table

Province: Alberta

Improvement Table

For each jurisdiction, improvement evaluation consists of comparing the Current Year result for each measure with the previous three-year average. A chi-square statistical test is used to determine the significance of the improvement. This test takes into account the size of the jurisdiction in the calculation to make improvement evaluation fair across jurisdictions of different sizes.

The table below shows the definition of the 5 improvement evaluation levels based upon the chi-square result.

Evaluation Category	Chi-Square Range
Declined Significantly	3.84 + (current < previous 3-year average)
Declined	1.00 - 3.83 (current < previous 3-year average)
Maintained	less than 1.00
Improved	1.00 - 3.83 (current > previous 3-year average)
Improved Significantly	3.84 + (current > previous 3-year average)

Overall Evaluation Table

The overall evaluation combines the Achievement Evaluation and the Improvement Evaluation. The table below illustrates how the Achievement and Improvement evaluations are combined to get the overall evaluation.

		Achievement						
	Very High	High	Intermediate	Low	Very Low			
Improved Significantly	Excellent	Good	Good	Good	Acceptable			
Improved	Excellent	Good	Good	Acceptable	Issue			
Maintained	Excellent	Good	Acceptable	Issue	Concern			
Declined	Good	Acceptable	Issue	Issue	Concern			
Declined Significantly	Acceptable	Issue	Issue	Concern	Concern

Appendix – Definitions for Measures

A brief definition of each of the Accountability Pillar measures is provided below.

High School Completion Rate (3-year) is the percentage of students in the grade 10 cohort who have completed high school by the end of their third year, adjusted for attrition².

High school completion is defined as: receiving an Alberta high school diploma, an IOP certificate
or high school equivalency (GED); entering a post-secondary level program at an Alberta postsecondary institution; registering in an Alberta apprenticeship program; or earning credit in five
grade 12 level courses, including four diploma examination courses.

Post-Secondary Transition Rate (6-year) is the percentage of students in the grade 10 cohort who have entered a post-secondary-level program at an Alberta post-secondary institution or registered in an Alberta apprenticeship program within six years of entering grade 10, adjusted for attrition.

 An estimate of out-of-province post-secondary enrollment is applied based on the numbers of funded Alberta students attending post-secondary institutions out of province.

Diploma Exam Participation Rate (4+Exams) is the percentage of students in the grade 10 cohort who have written four or more diploma exams by the end of their third year in high school, adjusted for attrition.

 Students are not considered a diploma examination participant if they do not have an examination mark.

Drop Out Rate is the percentage of students aged 14-18 registered in the K-12 system who drop out the following year, adjusted for attrition.

- An initial age specific cohort of students aged 14 to 18 is established for a given school year, excluding the following groups of students: students who registered after September 30, students with severe cognitive/multiple disabilities, students attending Hutterite colony schools, visiting/exchange students, students under other authorities (e.g. federal, Lloydminster).
- A student who was in Alberta's education system is considered to have dropped out if:
 - There is no evidence of their participation in the education system the following school year (including post-secondary and apprenticeship programs)
 - They did not complete high school (see high school completion measure for details).

Rutherford Scholarship Eligibility Rate is the percentage of Alberta grade 12 students who have met the eligibility criteria for a Rutherford Scholarship based on course marks in grades 10, 11 and/or 12.

Students must have completed at least one grade 12 course. Students in the following
categories are excluded: students who are not registered on September 30th of the school year;
registered in schools under provincial and federal authorities; 20 years of age or older on
September 1 of the school year; identified in the grade 12 school year as having a
moderate/severe cognitive disability or severe multiple disability; identified in the grade 12 school
year as exchange or visiting students; and students in Lloydminster school authorities.

Appendix – Definitions for Measures

Provincial Achievement Test (PAT) Results (Acceptable / Excellence) are based on all students in each grade (total enrollment in the grade plus the ungraded students who are in the corresponding year of schooling). Results are calculated for each test. The overall result is the average of the results for each test weighted by the number of students enrolled.

- PAT acceptable is the percentage of students who achieve the acceptable standard on grades 3, 6 and 9 Provincial Achievement Tests.
- PAT excellence is the percentage of students who achieve the standard of excellence on grades 3, 6 and 9 Provincial Achievement Tests.

Diploma Exam Results (Acceptable / Excellence) are based on the numbers of students writing each diploma exam. The overall diploma exam result is the average of the results for each exam weighted by the number of students writing.

- Diploma exam result (acceptable) is the percentage of students who achieve acceptable standard (i.e. a mark of 50%) on a diploma exam.
- Diploma exam result (excellence) is the percentage of students who achieve the standard of excellence (i.e. a mark of 80%) on a diploma exam.

Survey Measures

In public, separate and francophone schools all students in grades 4, 7 and 10; their parents; and all teachers are included in the survey. In charter schools and level 2 private schools students in grade 4 and above; their parents; and all teachers are included in the survey. Student and teacher surveys are administered online. The parent survey is mailed to the student's address on file.

- The measure results for parents and teachers are calculated by aggregating the responses to all
 questions that comprise the measure.
- The measure result for students is calculated by first aggregating the responses to questions within each grade and then taking a simple average across grades.
- The overall measure result is calculated by taking the simple average of measure results for parents, teachers and students.

¹ <u>Grade 10 Cohort:</u> Students are included in the grade 10 cohort the first school year in which they have a grade 10 registration at a public, separate, francophone, charter or private school. The following categories of students are excluded from the grade 10 cohort:

a. students who have a concurrent grade 9 registration in the same school year;

b. students who register after September 30th of the school year;

c. adult students (older than 18 when they start grade 10);

d. students who are registered in schools under provincial and federal authorities, and Lloydminster school authorities or other out-of-province schools;

e. students who are identified as having a moderate/severe cognitive disability or a severe multiple disability;

f. students attending Hutterite Colony schools; and

g. visiting or exchange students

² <u>Attrition:</u> The loss of students due to out-migration and mortality, referred to as "attrition", is estimated from department and Statistics Canada data.
